Projects & Experience

Engaging User Interface Development with React
Project: Full-Stack Dating App
Technology Used: React, TypeScript, WebSockets, Authentication
Description:
- Developed a dynamic and engaging user interface, focusing on smooth user interactions.
- Implemented real-time communication using WebSockets for an interactive experience.
- Utilized TypeScript for robust, type-safe code, enhancing maintainability and scalability.
- Integrated secure authentication mechanisms ensuring user data privacy and security.

AI-Powered Application
Project: [AI Project Title]
Technology Used: [List Relevant Technologies]
Description:
